

ATHLETES GET READY!

Please read this document carefully and install the two apps Zenit and FixFinder. An account must be created for both apps. **Please do this immediately until one week before the race**, so we know that everything will work for time measurement and GPS tracking.

Thank you!

GPS TRACKING WITH ZENIT

Please download the App “Zenit” from the Google Play Store or Apple Store.

<https://play.google.com/store/apps/details?id=cc.zenit.tracking.app.android>

<https://apps.apple.com/ch/app/zenit/id1543618230>

- After you have downloaded the App, please **create a user account by yourself**. We appreciate when you're using the same e-mail address as you used for ALPSTEIN CROSSING registration. It will make it much easier for us to find you in the Zenit database.
- If you have an Android phone, be sure that the Zenit App has all the **permissions** to run in the **background**.
- Please **do not complete the two steps above after** the competition starts. Do not wait until just before the event.
- **Complete a training run** with the App to make sure your battery and GPS settings are working as they should.

TIME MEASUREMENT WITH FIXFINDER

Please download the App “FixFinder” from the Google Play Store or Apple Store.

<https://play.google.com/store/apps/details?id=ch.fixcontrol.fixfinder>

<https://apps.apple.com/ch/app/fixfinder/id1469860034>

- After you have downloaded the App, please **create a user account by yourself**. We appreciate when you’re using the same e-mail address as you used for ALPSTEIN CROSSING registration. It will make it much easier for us to find you in the FixFinder database.
- That we have a correct identification to you, please **fill your pilot licence number into the field “Nickname”**. E.g. SHV 56881, please fill in “56881” only.

FULLY LOADED WITH INFOSYSTEM

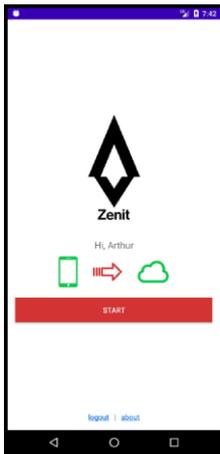

To ensure that have a fully loaded smartphone during the race, please use the powerbank provided by Infosystem. You will get a fully charged powerbank during the race check-in.

- Check the power load in advance and immediately before the race.
- Have a backup powerbank ready to use!
- Bring your Smartphone fully charged to the race!

PREPARE FOR THE RACE

Before the race, please make sure you have started the GPS tracking with Zenit. Just open the App and click the button “**START**”. Make a try before you come to the race!

If the phone icon in the App is red, check your device settings, GPS must be switched on, flight mode must be switched off. If the cloud icon is turning green, the GPS tracking is ready.

START THE RACE

Open FixFinder **before** the race to have it ready to use! Scan the first HOMEBASE START QR-Code **before** the official race start. We will correct the start time 09:00 a.m. directly on the database.

Follow the steps on the next pages to scan the turnpoints.

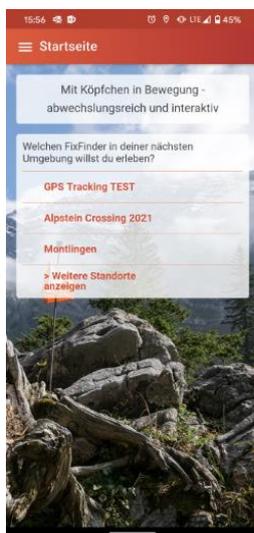

ALPSTEIN CROSSING 2021

TIME MEASUREMENT DURING THE RACE

1. Open App
2. Select a Turnpoint
3. Scan HOMEBASE START
4. Scan TURNPOINT
5. Scan HOMEBASE ZIEL

1. Open App

Open the App FixFinder and look for the Race “Alpstein Crossing 2021”.

2. Select a Turnpoint

In the main menu of the race, you can open the race rules or start a run for a turnpoint. Select a turnpoint you want to hike&fly!

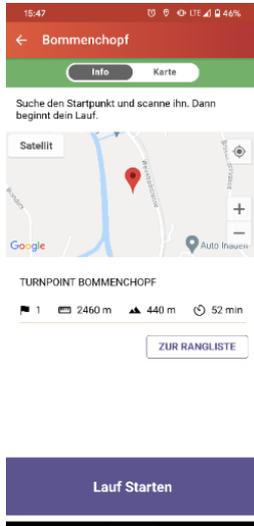

#ALPSTEINCROSSING

ALPSTEIN CROSSING 2021

3. Scan HOMEBASE START

After you have opened the turnpoint, you can start it right away with the button “**Lauf Starten**”.

Scan the QR code “HOMEBASE START”.

#ALPSTEINCROSSING

ALPSTEIN CROSSING 2021

After you have scanned the QR code your app will show you a confirmation of the homebase start. Check your run with button “**Zurück zur Laufübersicht**”.

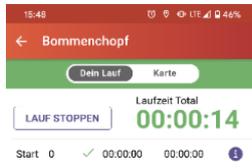

The app will record your time automatically. In the screen of the run you can check your current run time. **Do not stop** the run with the button “**Lauf stoppen**”.

#ALPSTEINCROSSING

4. Scan TURNPOINT

At the time you got to the turnpoint you will find a turnpoint board with the appropriate QR code to finish your hike. Hit the button “**Nächsten Posten scannen**”.

Do not stop the run with button “**Lauf stoppen**”!!!

Scan the QR code for your turnpoint on the board.

After you have scanned the QR code your app will show you a confirmation of the turnpoint. Check your run with button “**Zurück zur Laufübersicht**”. Prepare yourself for the flight back to the homebase.

ALPSTEIN CROSSING 2021

5. Scan HOMEBASE ZIEL

At the time you got back to the homebase you will find a homebase board with the appropriate QR code to finish your flight. Hit the button “**Nächsten Posten scannen**”. Scan the QR code on the board.

After the completion of your run, the app shows you the result. Jump back to the main menu and start with a new turnpoint over again.

RESPONSIBILITY

You are responsible to have your smartphone ready at the start of the race!

You are responsible to use the apps correct for time measurement and GPS tracking!

Ask if you feel unsafe in using the apps!

Ask your team! Ask other teams!
